

# ESCWA Data Ecosystem and Implementation at the National Level

14 June 2023

UNITED NATIONS

الاسواق  
ESCWA

Shared Prosperity **Dignified Life**

New digital technologies provided additional data sources, and unconventional methodologies beyond surveys to tap into the wealth of data.

Connected citizens now provide data from:

Mobile phones

Social media

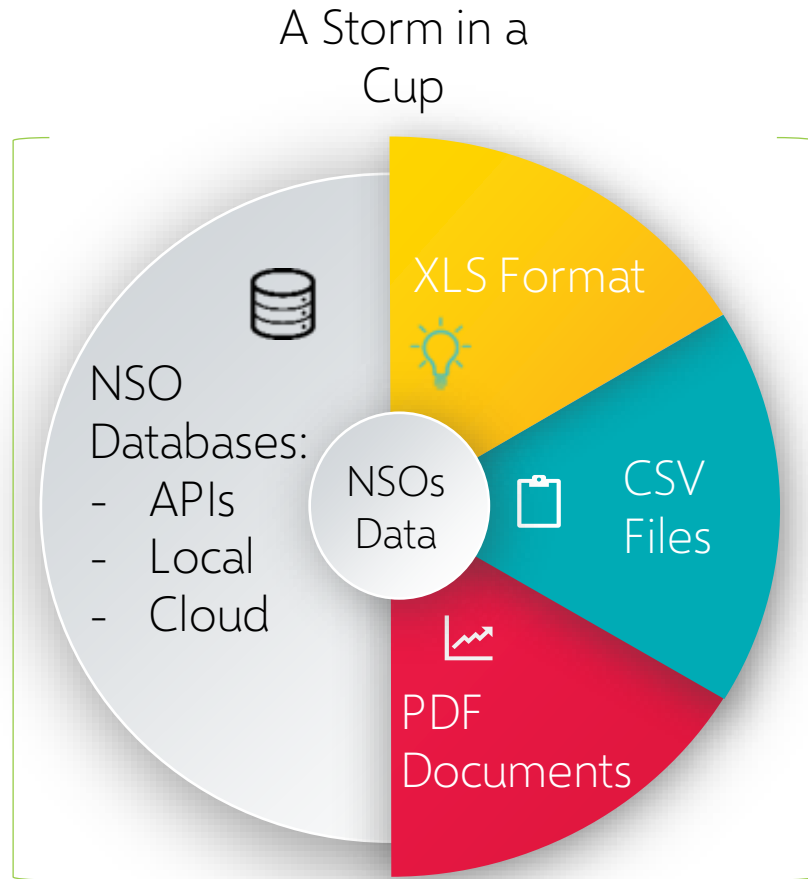

Fintech transactions

CCTV systems

Smart watches

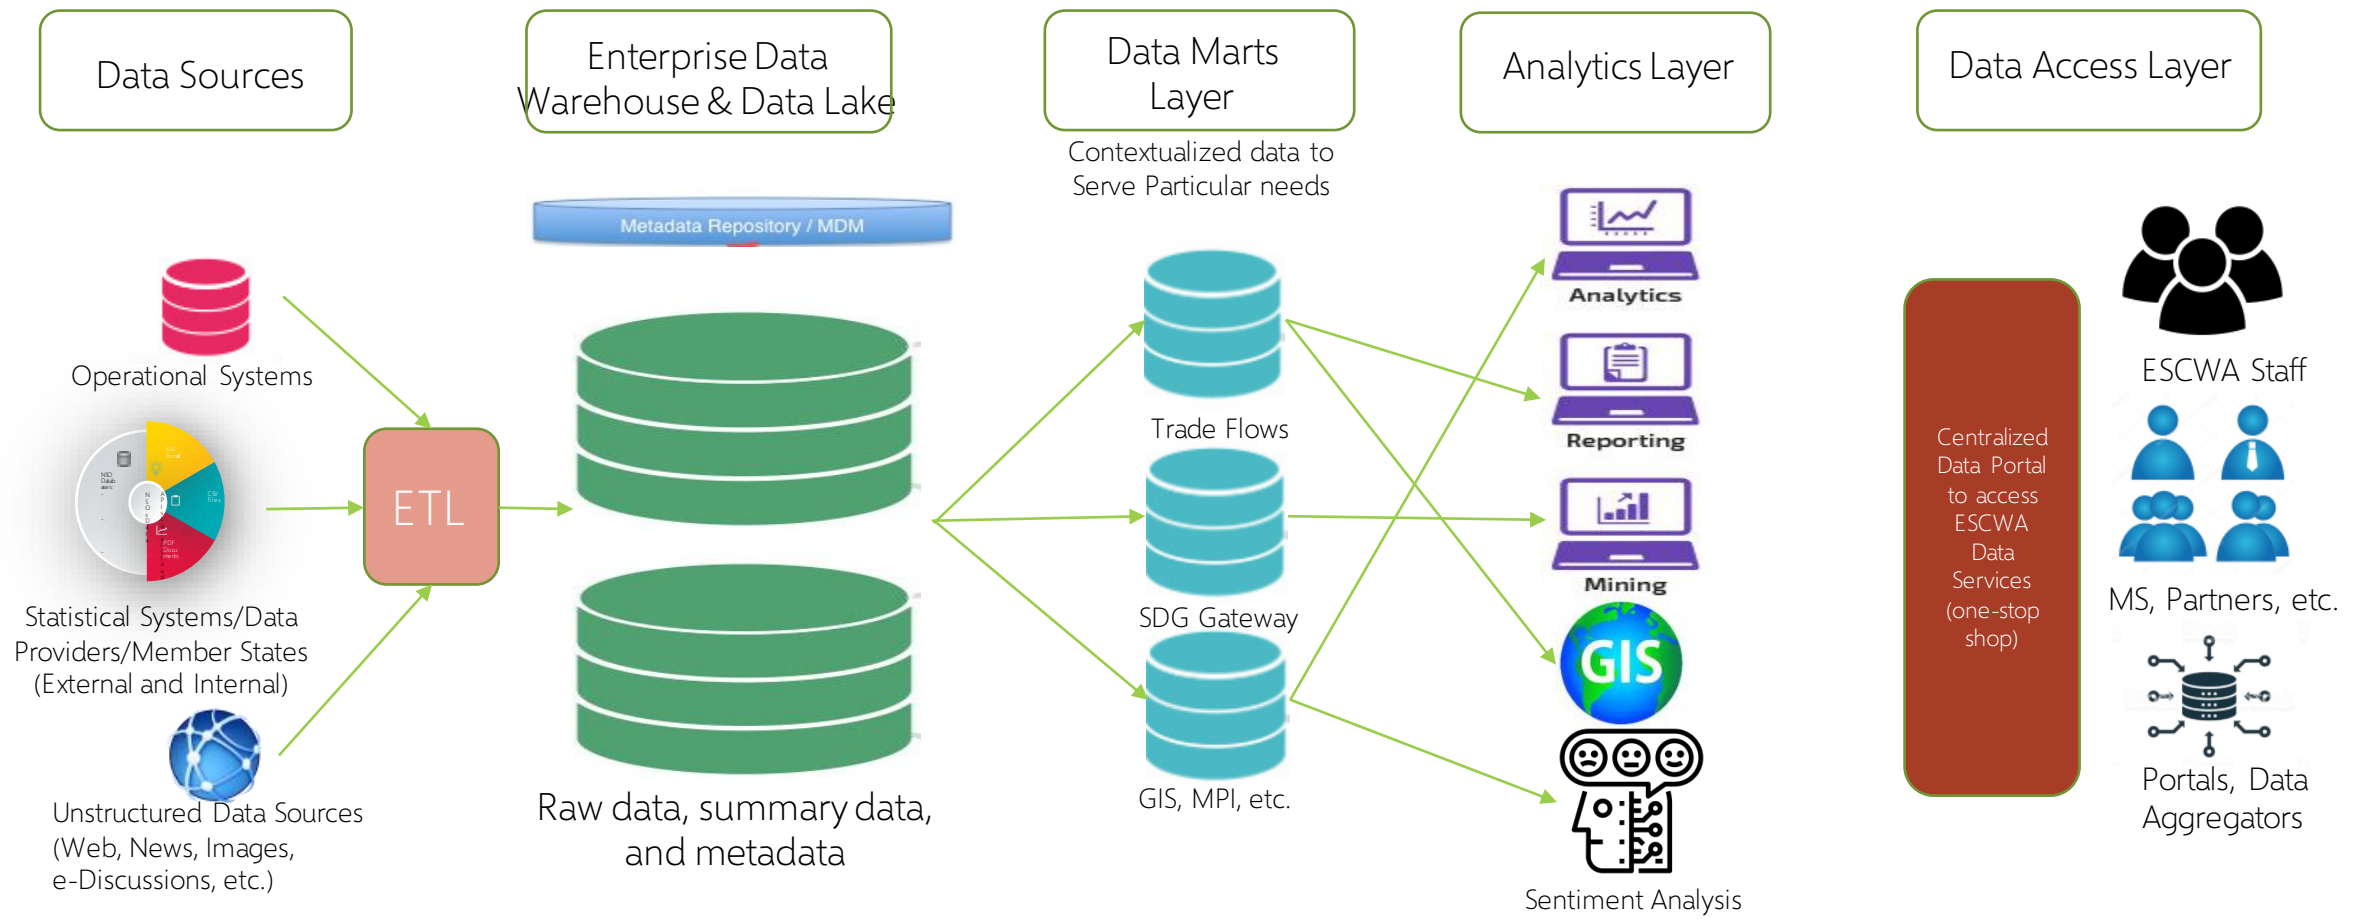

Online activity

Etc.

At ESCWA, we are developing a **data ecosystem** that leverages NSOs statistics as a data source, while capitalizing on new digital technologies to go beyond data collection.

We introduced 4 additional data layers:

Data Solutions Team:

Shared Prosperity **Dignified Life**

Thank you
