

A Cap-Net Regional Network for
Capacity Development in Sustainable Water
Management hosted by UN ESCWA

May 2016

Objectives

AWARENET is a

- **Regional network of training and research institutes, NGOs, government institutions and experts in the field of water,**
- **Network members are engaged in the development and delivery of capacity development programs and resource material on Integrated Water Resources Management (IWRM) policies and practices for the Arab region**

[AWARENET Geographic Coverage]

The main objective of the network is to:

- **Provide the public with better water and sanitation services,**
- **Protect precious water resources and the environment,**
- **Promote socio-economically constructive uses of water by improving the implementation of IWRM concepts in the countries of the Arab region**

History

The network was initialized in March 2002

The launching of AWARENET was officially endorsed by the Member States of UN ESCWA in the 22nd Ministerial Session through Resolution 244 (XXII) on the “Cooperation between ESCWA member countries with respect to shared water resources and the Arab Network for the Integrated Management of Water Resources”. AWARENET is hosted by UN ESCWA.

**400+ members,
90 institutions,
25% women,
21 Arab countries**

Means:

- Training-of-trainers (ToT),
- General training courses,
- Studies & pilot projects,
- Training material,
- Thematic exchanges, such as WGs

Themes:

- IWRM courses,
- Water footprint assessments,
- Water governance and integrity,
- Vulnerability / adaptation to Climate Change,

Working Groups:

- Water Governance (WG-WG)
- Water Footprint Assessments (WG-WFA)
- Climate Change (WG-CC)
