مجتمع بلا إعاقة

“It’s about ability, not disability.”

Helm
About Helm
Founded in September 2014

Helm promotes the **full participation of Persons with Disabilities** in all aspects of life.

Helm focuses on **breaking** social and physical barriers, and **empowering** persons with disabilities.
There are One Billion persons with disabilities around the world and around 15% of Egyptians (WHO).

The market extends to family and friends of Persons with Disabilities, elderly, mothers with strollers, and people with temporary injuries.

“*When a family goes on vacation; If grandma does not go, no one goes!*”

– Jay Cardinially, Walt Disney Parks Global Accessibility Manager

Jay Cardinially, Walt Disney Parks Global Accessibility Manager said during Helm’s Conference in Egypt, 2016
360 Solution: An Inclusive Workplace

Any company that has 50+ employees must employ a 5% quota. We ensure that companies inclusive efforts are successful!

Helm provides as series of solutions that bridge the gap between persons with disabilities and the employer to ensure successful recruitment and retention of PWDs:

- Outreach to PWD, Filtering and selection
- Conduct Essential Work Skills Training.
- Prepare the workplace to become receptive to PWD by removing social barriers and physical barriers.
- Shortlisting candidates for employment.
1500+ PERSONS WITH DISABILITIES EMPOWERED

Helm provides different training and development programs, such as the “Essential Work Skills” program, to enable persons with disabilities to lead an independent lifestyle and obtain the knowledge and skills needed to better compete in the job market.
HELM AMBASSADORS 2016

This program aims to foster and develop the skills and talents of persons with disabilities through encouraging them to explore various opportunities in different fields; such as: sports, arts, cultures, training, ...etc.

Helm Ambassadors serve as models of perseverance, persistence, achievement, and determination to inspire others and bring them around one big cause.
Case Study

Working with Companies to help develop persons with disabilities hired “on-paper” and unemployed.

PepsiCo and Helm Partnership:
• Total No. of Participants: 42
• Reallocated to suitable Jobs: 57.1%
• To be reallocated after further development: 9.5%
CHANGING PERCEPTIONS TOWARDS PERSONS WITH DISABILITIES

Through a number of Inclusive Activities, Helm aims to build an inclusive culture that is receptive towards persons with disabilities through raising awareness towards the challenges they face in their daily lives; thus, leading to changing perspectives towards persons with disabilities and breaking social and emotional boundaries.

Hang Out in the Dark
Cairo University Project – Phase II | Campaign Objectives
Disability Equality Training

Disability equality training (DET) is a dynamic, focused, highly participatory group work approach to changing attitudes and practices towards the greater inclusion of people with disabilities in mainstream employment, services and activities.
An Everyday Problem...

Persons with disabilities face endless mobility challenges in terms of **moving around independently** due to inaccessible sidewalks, public spaces, shops as well as different physical environments.

“I think a million times before I leave my house. Wherever I go, I find barriers everywhere.”

_Mahmoud Youssef, Helm Ambassador_
This project is in partnership with Vodafone Egypt Foundation and Microsoft as a technology partner.

“Entaleq” App enables Persons with Disabilities to navigate places they want to go to through accessibility features that best fit their specific needs.

Maximizing independence and choice!

https://entaleq.helmegypt.org/

Download on the App Store | GET IT ON Google Play
Each place has a profile that includes detailed information about the level of accessibility and pictures of the place to help persons with disabilities if they would go. If the information is verified by Entaleq team, it will be marked blue.

1000+ Verified Places are already added to Entaleq through building 500+ Partnerships.
133 Places are more accessible in Cairo!

Throughout 2016-2017, 133 Places made accessibly changes through Helm. Examples of changes are building ramps, installing lifts and accessible bathrooms.

Before

After

International Labor Organization, Cairo, Egypt
Governmental Support

Minister of Social Solidarity and Minister of Communication and Information Technology presenting Awards to the 30 organizations who made accessibility changes through Entaleq project in 2016.
#Accessibility_Matters reached 10 Million People!

Watch Helm’s Latest Campaign and take a closer look at some of their daily struggles!
Attendees in Entaleq Festival: 500

1 Awareness Campaign at surrounding area of Cairo University.

17 Ramps and Curb Cuts.

15 Places that serve University's Students became Accessible as a Result of the Project.

4 Buildings Assessed inside the University.

1000+ Students and Employees/Workers with Disabilities (2016/17)

222 Students trained to deal with persons with disabilities and took the Disability Equality Training.
During Helm’s Conference “Cairo 2016: A City for All”, a protocol was signed with H.E. General Mohamed Kamal El Daly, Giza Governor and Helm to make a model of a pavement accessible for Persons with Disabilities.
Helm is proud to have designed and manufactured the mold and tiles of the first Tactile Blocks according to Japanese Standards.

There are 2 different types of blocks, that are used to guide persons with visual impairments.
Cairo University Street: Pavement Accessibility
Accommodations for persons with physical impairments

Installed tactile blocks for persons with visual impairments around Cairo University.

Designing and implementing ramps and curb cuts according to international accessibility standards.

After
HELM IN JAPAN

Helm Founders, Amena El-Saie and Ramez Maher, were selected by the Japanese Cooperation Agency (JICA) to represent Egypt by attending a one-month training program in Japan under the title “Improvement of Accessibility for Social Inclusion – Barrier Free Environment for All”.
Before

After
