Purpose
ESCWA organized, in collaboration with MEDSTAT, a workshop on Energy Efficiency Indicators and Energy Balances in Paris, France, 29 November to 1st December 2011. Three national officials from Bahrain, Oman and UAE attended the workshop. The workshop aimed to 1) provide training on national energy balances according to the EUROSTAT/IEA format, 2) collect data to build energy efficiency indicators and to support decision-making in energy policies, and 3) calculate energy efficiency indicators, and will involve some practical exercises.

Agenda
