Purpose
ESCWA organized, in collaboration with the International Energy Forum, a fellowship on Energy Statistics and Balances and the JODI Questionnaire in Riyadh, Saudi Arabia, 24 to 27 November 2012. Three national officials from Sudan and two national officials from Yemen, from National Statistical Offices and Ministry of Oil, attended the study visit. The fellowship aimed to 1) provide training on the JODI Questionnaire and its extended version, 2) data collection practices by participating countries, and 3) hands-on training using energy countries data.

Agenda
For information on the programme of the fellowship, please check the following Meeting Agenda
