Preface ................................................................ iii
Symbols and abbreviations ................................ xi
Explanatory notes ............................................. xiii
Introduction .................................................... 1

Chapter

I. Population .................................................. 3

I-1 Population ................................................ 9
I-2 Births and deaths ....................................... 10
I-3 Children and elderly .................................... 11
I-4 Fertility ..................................................... 12
I-5 Life expectancy for males and females ........... 13
I-6 Infant and child mortality ............................ 14
I-7 Population of ESCWA countries by age group, according to latest census .......... 15
I-8 Population of ESCWA countries by area, according to latest census .................. 18
I-9 Population of ESCWA countries by nationality, according to latest census ........ 19
I-10 Registered vital statistics in ESCWA countries - births and deaths ................... 20
I-11 Registered vital statistics in ESCWA countries - marriages and divorces ......... 24

Sources ................................................................ 28

II. Labour Force ............................................. 30

II-1 Labour force participation rate by sex and age in ESCWA countries ............... 34
II-2 Unemployment by sex and age in ESCWA countries ................................... 42
II-3 Employment, by economic activity, country, sex and year (percent)……

II-4 Employment status by country, sex and year (percent)………………

Sources .................................................................................................................. 59

III. Education and Illiteracy ................................................................. 61

III-1 Illiteracy and literacy.............................................................. 65
III-2 Primary education in ESCWA countries.......................... 67
III-3 Secondary education in ESCWA countries................. 71
III-4 Tertiary education ................................................................. 78

Sources .................................................................................................................. 115

IV. Health .................................................................................. 81

IV-1 Health professionals...................................................... 85
IV-2 Health resources........................................................... 99
IV-3 Major infectious diseases.................................................. 112

Sources .................................................................................................................. 126

V. Gender Equality ................................................................ 118

V-1 Gender parity in education................................. 122
V-2 Women in wage employment ....................... 124
V-3 Women in decision-making ......................... 125

Sources .................................................................................................................. 126

VI. Air Pollution .................................................................. 128

VI-1 Carbon dioxide emission in ESCWA countries............. 131
VI-2 Per capita carbon dioxide emission in ESCWA countries.... 132
VI-3 Ozone depleting substance consumption.......................... 133
VI-4 CFC consumption in ESCWA countries ....................... 134
VI-5 HCFC consumption in ESCWA ........................................ 135
countries

Sources ......................................................... 136

VII. Energy ....................................................... 137

VII-1 Oil reserves in ESCWA countries................ 141

VII-2 Natural gas reserves in ESCWA countries........................... 142

VII-3 Total energy production in ESCWA countries.................. 143

VII-4 Production of oil and others in ESCWA countries............. 145

VII-5 Marketed natural gas production in ESCWA countries......... 146

VII-6 Refineries production in ESCWA countries...................... 147

VII-7 Electricity generation in ESCWA countries...................... 148

VII-8 Electricity generation in ESCWA countries: capacity (MW), peak load (MW), and production (GWh) ........ 153

VII-9 Consumption of oil products in ESCWA countries.............. 155

VII-10 Natural gas consumption in ESCWA countries.................. 156

VII-11 Electricity consumption by sector in ESCWA countries (GWh) ........................................... 159

VII-12 Total primary energy consumption in ESCWA countries........ 160

VII-13 Per capita energy consumption in ESCWA countries: oil consumption per capita (KOE), electricity consumption per capita (kWh), and energy consumption per capita (KOE) ......................... 162
Sources ............................................................... 164

VIII. National Accounts ............................................. 167

VIII-1 Estimates of annual real GDP growth rates for the world and ESCWA ............................................................... 170

VIII-2 GDP in ESCWA countries at current prices in national currencies ............................................................... 171

VIII-3 GDP in ESCWA countries at current prices in US$ ............... 172

VIII-4 GDP in ESCWA countries at constant prices............................... 173

VIII-5 GDP per capita in ESCWA countries at constant prices............................................................... 174

VIII-6 Growth rates of real GDP in ESCWA countries ....................... 175

VIII-7 Growth rates of real GDP per capita in ESCWA countries........... 176

Sources ............................................................... 177

IX. Industry ............................................................. 179

IX-1 Share of industry in the gross domestic product (GDP) ............. 183

IX-2 Level of manufacturing and mining and quarrying output ............. 184

IX-3 Average wage of employee in manufacturing industries ................... 185

IX-4 Manufacturing industries ........................................ 186

IX-5 Mining and quarrying industries ...................................... 189

IX-6 Number of establishments in manufacturing industries classified by ISIC - Rev.2 ............................................................... 191

IX-7 Number of establishments in manufacturing industries classified by ISIC - Rev.3 ............................................................... 192
IX-8 Number of establishments in manufacturing industries classified by ISIC - Rev.4 .............................................194
IX-9 Number of employees in manufacturing industries classified by ISIC - Rev. 2 ....................................................195
IX-10 Number of employees in manufacturing industries classified by ISIC - Rev. 3 ..........................................................196
IX-11 Number of employees in manufacturing industries classified by ISIC - Rev. 4 ..........................................................199
IX-12 Wages and salaries paid to employees in manufacturing industries classified by ISIC - Rev. 2 ........................................200
IX-13 Wages and salaries paid to employees in manufacturing industries classified by ISIC - Rev. 3 ........................................201
IX-14 Wages and salaries paid to employees in manufacturing industries classified by ISIC - Rev. 4 ........................................203
IX-15 Output of manufacturing industries classified by ISIC - Rev. 2 .................................................................204
IX-16 Output of manufacturing industries classified by ISIC - Rev. 3 .................................................................205
IX-17 Output of manufacturing industries classified by ISIC - Rev. 3 .................................................................208
IX-18 Value added of manufacturing industries classified by ISIC - Rev. 2 ...............................................................209
IX-19 Value added of manufacturing industries classified by ISIC - Rev. 3 ...............................................................210
IX-20 Value added of manufacturing industries classified by ISIC - Rev. 3 ...............................................................212
industries classified by ISIC - Rev. 4 .................................................................
Sources .................................................................................................................

X.  Foreign Trade .........................................................................................
X-1 Ratio of ESCWA countries trade to the trade of the world, developed and developing countries trade ......
X-2 Value of imports, exports and balance of trade .............................................
X-3 Geographical distribution of imports .............................................................
X-4 Geographical distribution of exports ............................................................
X-5 Value of imports (including oil) by HS sections of ESCWA countries..
X-6 Value of exports (including oil) by HS sections of ESCWA countries..
Sources .................................................................................................................

XI.  Financial Statistics and Prices .........................................................
XI-1 Government revenues ..............................................................................
XI-2 Government expenditures ........................................................................
XI-3 Money supply ..............................................................................................
XI-4 Banking credit by economic activity ...........................................................
XI-5 Balance of payments ..................................................................................
XI-6 FDI inflows and inward stocks .....................................................................
XI-7 General consumer price indices in ESCWA countries ................................
XI-8 Consumer price indices for food in ESCWA countries ..............................
Sources .................................................................................................................

XII. Information and Communications Technology ....................................
| XII-1 Fixed telephones                     | 279  |
| XII-2 Cellular phones                     | 280  |
| XII-3 Cellular phones in telephone lines  | 281  |
| XII-4 Internet users                      | 282  |
